THEY HAD A HEN PARTY IN THE DARK

A unique activity that leaves a lasting impression

“It was both disorienting and brilliant. Not being able to see a thing, focusing on the sensations, listening to the others... You get to know yourself in a whole new way. It’s the sort of experience you talk about long afterwards. A brilliant idea for a hen or stag party!”

A memory that will stay with me forever

“It’s rare to have such a unique experience. We were thrown off balance, intrigued, and then completely swept up in the game. It’s fun, surprising and really brings people together. Perfect for a stag or hen party.”
